Teacher Selection

STL prides itself on its vetting procedures and the ability to match specific teaching jobs to the skills and specialisms of our individual teachers. Put simply we ensure that schools have the right teacher in the right place at the right time whilst ensuring that teachers teach the subjects and age groups to which they are best suited. This maximises their own job satisfaction and delivers quality teaching to pupils.

Some **STL** teachers are overseas trained bringing another exciting dimension into the classroom, their own experiences and teaching practices. All overseas teachers have permission and are qualified to work in the UK.

We also invest in our teachers with regular courses and training so that we can be sure our teachers are giving their best in your classrooms.

All teachers must go through a thorough STL vetting procedure before they can be placed at a school.
